

Fast alle Kunst, die ich kenne, habe ich selbst gemacht.

Enough is enough  
Enough is enough  
Enough is enough  
Enough is enough  
Enough is enough  
Enough is enough  
Enough is enough  
Enough is enough  
Enough is enough  
Enough

you dont just write a book like was ist die frage same as you dont let a flower come into existence under ground, where only the seed can prevail but the flower will asphyxiate in minutes. the seed has to stay in the soil and build up a strong tree on which the flower will bloom a thousandfold.

i am never being watched because there is only myself

wo dieser weg endet  
fängt jener erst an  
und wo dieser endet  
hat jener nie begonnen  
und endet also nie.

wer bist du  
wer bin ich  
das ist nicht die frage  
die frage ist was ist die frage.

beueglich der anderen:  
there's only one way i can experience all this stuff  
i gotta forget myself.
